

Choa Kim

Product Designer

Passionate and skilled Product Designer with expertise in both UX and UI design. My primary goal is to deliver exceptional user experiences (UX) and user interfaces (UI) that align with a company's objectives and users' needs.

I aim to design products that help people to feel joy and convenience. Through this, I can attract new users and retain existing ones.

UX/UI Design Project

Redesigning the Cambridge University Press & Assessment website

Nov 2023 / Self-initiated

- Crafted a visually engaging Learning English page, resulting in a modern and user-friendly online learning space.
- Improved the filter feature by introducing 'Most popular interests,' enabling users to discover resources aligned with their learning goals.
- Demonstrated a commitment to user-friendly solutions and a passion for enhancing language learning experiences.

Mobile App - A health app that fits into your daily life

Jan 2023 - Oct 2023 / CareerFoundry

- Applied the user-centred design process and a mobile first approach to design a health app that fits into people's daily lives for an easy-peasy health care.
- Defined user needs and goals through user interviews and surveys, and developed personas, customer journey maps and sitemaps.
- Designed 34 high-fidelity screens, multiple prototype iterations and a style guide through various rounds of usability and preference tests.

Experience

Customer Care Assistant | MATCHES (A Fashion Company)

Jan 2022 - Jul 2023 / London, UK

Collaboration: Actively communicated with other relevant teams to address customers challenges. Reported about 80 issues to various teams, including the product design team.

Creative Problem Solving: Ideated solutions that could solve customers issues and suggested to the relevant team to improve customers' experience.

Empathy and Customer Understanding: An emphatic approach to offering service that users love. Maintained a consistent Customer Service level rating of 5 out of 5.

Time Management and Multitasking: Effectively managing multiple customer inquiries and issues, ensuring prompt responses and resolutions while maintaining a high-quality service standard.
